

This summary report outlines Aeris Active's superior performance as recorded from a range of internationally recognised test methods to demonstrate efficacy. Original test reports may be provided as required in line with requisite confidentiality agreements and approvals.

Formulation owner: Novapharm Research (Australia) Pty Ltd - 3-11 Primrose Avenue, Rosebery, NSW 2018
Licensee: Aeris Environmental Ltd.
Product identifier: PROD-23 and PROD-61

Category	Authority	Report Identifier	Performance Notes
Residual COVID-19 Efficacy Independent Testing (Residual Coronavirus)	Eurofins AMS Laboratories Pty Ltd, Australia	Report reference: AAH88957	Virucidal Residual effective for 7 days.
Residual Influenza Efficacy Independent Testing (Influenza A)	Eurofins AMS Laboratories Pty Ltd, Australia	Report reference: AAH88957	Virucidal Residual effective for 7 days.
Virucidal Independent Testing (Influenza)	Eurofins AMS Laboratories Pty Ltd, Australia	AAG43293	Virucidal efficacy achieved after one minute.
Virucidal Independent Testing (Norovirus)	Eurofins AMS Laboratories Pty Ltd, Australia	Report reference: AAG02371	Virucidal efficacy achieved after one minute.
Virucidal Independent testing (Coronavirus)	Eurofins AMS Laboratories Pty Ltd, Australia	Report reference: AAG81867	Virucidal efficacy achieved after one minute.
Virucidal Independent testing (Adeno Virus)	AMS Laboratories Pty Ltd, Australia	Final report ref: 0611452/2A	Evidence of complete viral neutralisation.
Virucidal Independent testing (Herpes Simplex Type 1 Virus)	AMS Laboratories Pty Ltd, Australia	Final report ref: 0611452/3A	Evidence of complete viral neutralisation.
Virucidal Independent testing (Polio Virus)	AMS Laboratories Pty Ltd, Australia	Final report ref: 0611452/1A	Evidence of complete viral neutralisation.
Residual Bactericidal (S. Aureus, E. Coli)	Dr Amane Shiohara Ph. D	Final report ref: TRR 0385 Lab Book: ASH-139/17	Finger touched 200 times showed clear zone inhibition against S. Aureus and E. Coli.
Bactericidal Independent testing (S. Aureus, P. Aeruginosa, Sal. Choleraesius)	Eurofins AMS Laboratories Pty Ltd, Australia	Report reference: 1820097	Validated neutralisation.
Bactericidal Independent testing (S. Aureus, P. Aeruginosa, Sal. Choleraesius)	Nanosonics Pty Ltd, Australia	Final report ref: DP-31/06 Batch: BO519	Passed AOAC Official Method 961.02.
Bactericidal Independent testing (S. Aureus, P. Aeruginosa, E. Coli, P. Vulgaris)	AMS Laboratories Pty Ltd, Australia	Report reference: 0902777	Passed TGA Disinfectant Test, Option B.
Regulatory approval: Commonwealth Government	Australian Register of Therapeutic Goods (TGA)	ARTG 308921	Kills COVID-19 for 7 days and provides antibacterial protection for up to 30 days as tested against gram negative E. coli and gram positive S. aureus.
Food safety approval: Global certification	HACCP International	Certification number: PE-798-AEL-RC-1-02b	Certified as food-safe and suitable for cleaning and sanitising food and beverage equipment.
